# INTRODUCTION

Al Ali Mechanical is an esteemed engineering company offering a complete range of plumbing and pumping solutions, complemented by electrical expertise. Our services cater to both residential and industrial sectors, covering design, assembly, supply, installation, operation, and maintenance. With a specialization in hydropneumatics water pump sets and control panels, we have established ourselves as a trusted leader in the industry.

# ABOUT US

Established in 1951, Al Ali Mechanical Services has been proudly serving Qatar for over seven decades. We are a Leading provider of comprehensive plumbing and pumping solutions, specializing in electrical solutions for both domestic and industrial applications. Our commitment to state-of-the-art technology ensures energy-saving solutions for our customers

“

*Al Ali Mechanical Services has been proudly serving Qatar for over seven decades.*

# AL ALI MECHANICAL SERVICES INNOVATION

*Al Ali Mechanical Services has revolutionized the market with our innovative multi-pump set pack for Booster/Transfer pump sets.*

Designed and manufactured in Italy, Sweden, and Poland, this comprehensive package includes stainless steel manifolds, S.S. check valves, essential ball valves, a pump base, and a flexible hose for seamless connection of pressure vessels and panels. Our range of control panels caters to various needs, from small-scale applications to large-scale projects. Whether it's hydro pneumatics, Whether it's hydro pneumatics, swimming pool systems, sewage management, or Variable Frequency Drive (VFD) control, our control panels incorporate the latest digital electric technology. With precise functionality and full protection in IP66 Metal/Plastic Enclosures, our control panels ensure reliable performance

# FLEXIBILITY & CUSTOMIZATION

*At Al Ali Mechanical Services, we understand that every project has unique requirements. That's why we offer unparalleled flexibility in delivering standard products with short turnaround times. Additionally, we excel at producing customized or on-demand items, seamlessly integrating them into our range of pumps. Our dedication to meeting diverse needs sets us apart from other producers in the industry*

# INNOVATIVE SOLUTIONS: WITH VFD TECHNOLOGY

*We continuously strive to offer innovative solutions that address the demands of high-pressure and large-flow applications. Our implementation of Variable Frequency Drive (VFD) technology ensures optimal performance and efficiency. With our cutting-edge solutions, we provide you with the tools to achieve your goals effectively.*

*“Visit us today to experience firsthand why Al Ali Mechanical Services goes beyond mere marketing promises. Our dedication to delivering excellence is a reality that you can trust.”*

*Al Ali Mechanical Services is synonymous with high-quality standards, advanced production technologies, and unmatched efficiency. Our expertise and know-how enable us to deliver products that meet the highest industry standards. We take pride in our ability to provide exceptional quality while ensuring the best delivery times for our valued customers.*

# PRODUCT HIGHLIGHTS

FACTORY ASSEMBLED  
**DOMESTIC  
PUMP SET**

LOCAL ASSEMBLED  
**DOMESTIC  
PUMP SET**

## VERTICAL MULTISTAGE PUMP RANGE:

# E-SV SERIES

- Flow rate up to 160 m<sup>3</sup>/hr  
@ head up to 330 Mtrs
- Pump body: SS 304
- Impeller: SS 316 & 304
- Shaft: SS 304 & 316 ,304

 **LOWARA**  
a xylem brand

END SUCTION HORIZONTAL  
TYPE PUMP RANGE:

## e-NSC SERIES

- Flow rate up to 630 m<sup>3</sup>/hr  
@ head up to 160 Mtrs
- Pump body: Cast Iron
- Impeller: SS 316
- Shaft: SS 316

 **LOWARA**  
a xylem brand

## HORIZONTAL MULTISTAGE PUMP RANGE: **e-HM SERIES**

- Flow rate up to 29 m<sup>3</sup>/hr and head up to 160 Mtrs
- Pump body: SS 304
- Impeller: SS 304
- Shaft: SS 316

## HORIZONTAL SINGLE - STAGE TYPE **CEA SERIES**

- Flow rate up to 31 m<sup>3</sup>/hr and head up to 32 mtrs
- Pump body: SS 304
- Impeller: SS 304
- Shaft: SS 304

## SUBMERSIBLE NON-CLOG FOR SEWAGE & SURFACE WATER APPLICATION: 1300 SERIES **1300 SERIES**

- Flow rate up to 115 L/S @ head up to 63 Mtrs
- Pump Housing: Grey Cast Iron
- Impeller: Cast Iron
- Shaft: Stainless Steel

# **SCOPE OF WORK SERVICES**

# SCOPE OF WORK SERVICES

## SUPPLY OF DOMESTIC WATER PUMPS

Provide a comprehensive range of domestic water pumps suitable for residential applications.

Ensure the supply of high-quality, efficient, and reliable water pumps that meet industry standards.

Offer a variety of options to cater to different flow rates and pressure requirements.

## CENTRAL WATER FILTRATION SYSTEM

Supply and install central water filtration systems for residential, commercial, or industrial purposes.

Provide high-quality filtration systems that effectively remove impurities and ensure clean and safe water.

Customize the filtration system based on specific needs and water quality requirements.

## INSTALLATION OF ALL TYPES OF PUMPS:

Offer professional installation services for various types of pumps, including domestic water pumps, chilled water pumps, fire fighting pumps, etc.

Ensure proper placement, alignment, and connection of pumps to maximize performance and efficiency.

Adhere to industry best practices and safety standards during the installation process.

## **SUBMERSIBLE PUMP 1300 SERIES**

Supplying and installing submersible pumps tailored for drainage and surface water management applications.

Offering pumps designed to efficiently handle drainage tasks, ensuring effective removal of excess water from various settings.

Collaborating closely with clients to understand the specific drainage needs, delivering reliable and customized submersible pump solutions for efficient water management.

## **FCU (FAN COIL UNIT)**

Install and commission fan coil units for efficient air conditioning and climate control in various spaces.

Supply FCUs that offer optimal cooling/heating performance and energy efficiency.

Ensure proper integration of FCUs with the overall HVAC (Heating, Ventilation, and Air Conditioning) system.

## **AHU (AIR HANDLING UNIT)**

Provide installation services for air handling units, which play a crucial role in maintaining indoor air quality and ventilation.

Install AHUs that meet specific airflow and filtration requirements for different environments.

Integrate AHUs with other HVAC components to create a balanced and effective air distribution system.

# OUR PRODUCTS
